Welcome to the seventh edition of **The Daybreaker** for 2024/25, the nineteenth in 2024...

President Warren's Message:

Greetings friends!

Over recent days Denise and I have been away in Brisbane on Grandparent duties and still more this coming week. So, my apologies for missing another Club meeting.

It has been a good time to catch up with everyone and spend some quality time in their homes – a privilege for all Grandparents. We come home happy but really tired – you all know what it feels like, I'm sure. But during these times I have been privileged to watch and listen to the children interact with each other – 2-year-olds right up to 16-year-olds and how they relate to each other. Being patient with each other is a big issue to take on board - of course, the younger ones seem to exhibit less patience than the older ones, but showing patience is a quality that needs lots of work.

Each of us is confronted by situations that often stretch us too. Saint Francis de Sales wrote a long time ago – *“Have patience with all things, but chiefly have patience with yourself.”* A good lesson to learn and a healthy way to live life. But the Saint goes on to write – *“Do not lose courage in considering you own imperfections but instantly set about remedying them – every day begin the task anew.”* Sometimes it needs to be pointed out that we aren't always as good as we think or act. However each day we are allowed to improve on the last – hopefully, we are prepared to learn and act on that awareness. You know, it might make us better Rotarians!

Enjoy your week!

Warren Parkinson (President)

Bringing the magic of Rotary into our community!
